

The facts.

Dental Insurance is the Least of Your Worries with a Plan from The Dental Care Plus Group

The Dental Care Plus Group's (DCPG) individual dental insurance product is a strong option for those interested in comprehensive, affordable dental coverage. With a plan from DCPG, you'll receive stress-free customer service, giving you time to relax instead of worrying about insurance.

With an individual plan from DCPG, you'll have access to services you may have become accustomed to through your employer-based plan. And every plan comes standard with DCPG's outstanding customer service as well as a strong network of dentists.

Coverage options

Regardless of a person's stage in life, DCPG has a dental benefits option that will meet their needs as well as your budget. We offer several plan options with coverage for the basics like preventive exams and cleanings to more involved services like crowns and dentures. You can choose a plan just for yourself, an individual plus spouse, individual plus children or an entire family, all while keeping budget in mind.

The network

You'll have the access you need with DCPG's strong provider networks – whether locally, regionally or nationally. And DCPG is committed to growing their networks, ensuring even more options. You can easily search for dentists using DCPG's online provider directory available at MyDentalCarePlus.com.

Added value

To round out your health care needs, each individual dental plan comes standard with access to a vision and hearing discount program. The discounts provide substantial savings on your vision and hearing needs and are brought to you without any additional premiums to pay or claims to file.
